

REQUEST FOR INSTALMENT DEFERRAL

PART I – INFORMATION ON INSTALMENT DEFERRAL

Please read and consider the following information carefully before applying:

1. Deferral of instalments does not mean they are forgiven. Your duty to pay the loan instalments is deferred to a later date.
2. The deferral is for the number of months that you specify in your instalment deferral request counting from the date of confirmation of instalment deferral by the creditor and also covers loan instalments due no more than 30 days before submission of the instalment deferral request (the maximum deferral is nine months).
3. Interest will continue to accrue on your loan during the deferral. The procedure for paying the interest will be agreed after the deferral is confirmed.
4. If you pay for insurance as part of your loan instalments, the creditor will inform you how to pay for it.
5. The creditor cannot require you to pay any charge, cost or remuneration for this deferral.
6. Even if deferral of instalments is authorised, you may begin paying the loan or a part thereof or repay the loan early at your request.
